"Skating With the Stars," [abc.go.com/shows/skating-with-the-stars](http://abc.go.com/shows/skating-with-the-stars)

If you thought "Dancing With the Stars" had a high casualty rate (to be fair, some of the ER visits have come from food poisoning, not falls in the ballroom), wait until this show hits the ice — with sharp skate blades. But let's hope for the best, and the new home page for the show, launching Monday, offers up full-length episodes and a little background information, and at this point, that's about it.
